

CERTIFICATION OF RoHS and REACH COMPLIANCE

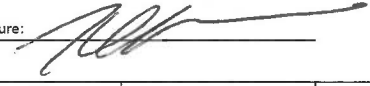

All Energetiq supplied parts, listed below, are certified to meet the following standard:

- They do not contain the restricted 6 substances of RoHS directive (2011/65/EU Annex II to EU RoHS) over the threshold level (*), or are covered by exemptions listed in the below table (*): 1000ppm for Hg, Pb, Cr6+, PBB, PBDE, and 100ppm for Cd
- To the best of our knowledge, our products are not REACH affected and do not contain any of the listed SVHCs greater than 0.1% as is defined by REACH, (EC) 1907/2006. Energetiq technologies is actively working with its suppliers to ensure they are aware of the Directive and its most recent revisions to the restricted list.
- They do not contain the restricted 10 substances of RoHS directive ((EU) 2015/863 amend Annex II to EU ROHS2 (directive 2011/65/EU) over the threshold level (*), or are covered by exemptions listed in the below table (*): 1000ppm for Hg, Pb, Cr6+, PBB, PBDE, DEHP, BBP, DBP, DIBP and 100ppm for Cd,.

Company Name: Energetiq Technology
 Address: 205 Lowell Street
